DISCOVER BICHENO

Bicheno is one of the east coast's best-loved holiday destinations. This is the place to experience swimming, foreshore walks, beachcombing, great fishing and fantastic wildlife experiences. Join a guided tour to see local wildlife including Tasmanian devils and Little Penguins, visit a local wildlife park, or take a drive to nearby Douglas Apsley National Park to see native forests, waterfalls and dramatic scenery.

The beach and coastline around Bicheno invite exploration. Try snorkelling at Waub's Bay to see abundant marine life, take a boat tour or cruise or, for experienced scuba divers, explore the Governor Island Marine Reserve. Or simply surrender yourself to long, warm afternoons lazing on the local beaches.

Bicheno also has great cafes and restaurants, shops and a huge choice of accommodation. If you're visiting in the spring, don't miss the chance to taste luscious east coast produce and cuisine at the annual Bicheno Food and Wine Festival—a celebration of the region's best food and wine, held here each November.
