

## DISCOVER SWANSEA

Swansea is a classic Tasmanian beach holiday destination. Established in the 1820s as Waterloo Point, this is one of Tasmania's oldest towns, with a rich history. Pick up a copy of the Heritage Walk booklet and take a self-guided walk through the town (taking time to browse the town's shops, museums and galleries along the way), or visit the East Coast Heritage Museum at the Visitor Information Centre.

Swansea sits on a beautiful stretch of coastline. Take a swim or walk at one of the great local beaches—Jubilee, Nine Mile, Kelvedon or Spiky—or drop your line in Great Oyster Bay to catch your supper. You can also whet your appetite at one of the town's great cafés or restaurants, treat your palate to locally grown berries and handmade chocolates at the nearby berry farm, or visit a local winery to sample fine, cool-climate east coast wines.
